Dear Sir,
CONFIDENTIAL REPORT ON DR. BARRY ROBERTS

I write in respect of Dr. Barry Roberts who has informed me that he is applying for the position of Director-General of NACCIMA.

Our relationship dates back over two decades ago as a professional colleague when we both worked in Equitorial Trust Bank Ltd. He proved himself as an exceptional manager of people and resources, with a very rich knowledge of organizing his team to achieve corporate objectives. Having worked in several areas of banking operations, he distinguished himself as a man of strong character and competence which culminated in his several appointments to head branches of the bank in Lagos, Jos, Abuja and Calabar at different times.

His quest for knowledge propelled him to obtain a doctorate degree, a qualification which, coupled with his wealth of professional knowledge and experience, earned him his current role as a Chief Examiner with Risk Managers Association of Nigeria (RIMAN), and as the immediate past President of RIMAN, I can attest to his contributions to improving the standard and curriculum of our CRM Professional Certification Examinations.

Dr. Barry Roberts will certainly be an invaluable asset to NACCIMA as I find him competent based on his people management, organizational skill and academic attainment.

I therefore strongly recommend him for the position of Director- General of NACCIMA.

Yours Sincerely,

Chief Risk Officer/ Coronation Merchant Bank
